

HIGH PERFORMANCE SHOWER PAN

3x3

Front

We have designed our shower pans to elevate the overall functional and visual quality of the typical shower pan by creating a seamless natural solid surface. At the same time, we streamlined the installation process, equating a substantial savings on man-hours and time of job completion. Our concrete is high performance composite concrete ensuring years of lasting durability and beauty.

SPECIFICATIONS

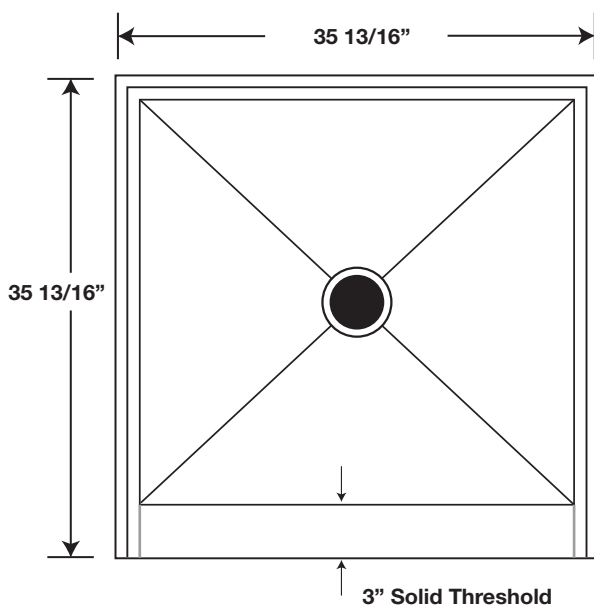

Width: 35 13/16"
