WASH TUB SINK

HANDCRAFTED PDX, ORE

DOUBLE BASIN LAUNDRY SINK

Reminiscent of a bygone era, the Rockwater Double Basin Laundry Sink pays homage to the past when laundry/utility sinks were crafted from concrete. We recreated the turn-of-the-century double basin laundry wash sink with some slight modifications so it can be better suited for a variety of applications, from the laundry room to the kitchen. This is the real deal, an original style for modern applications.
