WASH TUB SINK
HANDCRAFTED PDX, ORE

SINGLE BASIN LAUNDRY SINK

Reminiscent of a bygone era, the Rockwater Laundry Sink pays homage to the past when laundry/utility sinks were crafted from concrete. We managed to get our hands on an authentic turn-of-the-century original concrete wash basin and painstakingly restored it in order to develop our molds from one of the originals. This is the real deal, and lends a hand in creating a room worth paying attention to.
